

Development Committee Report  
Wednesday, March 31, 2021

The Spring Auction of a week's stay at each of three villas in Europe (Scotland, Tuscany and Spain) will launch just after April 15<sup>th</sup> and stay up until the annual meeting when the winners will be announced. Every board member will get notice of the website, and it will be publicized in our e-news, in all our social media sites and more broadly to the community. Board members should forward the bidding link to friends who may have interest even if they don't themselves as you don't have to be a member to win. Minimum bids will be \$2500 with \$100 increments. The villas may be used this year or next, subject to availability, and are quite large. They are fully described on the bidding website. The Namibia lodge stay was very well subscribed in the year-end campaign and we expect similar results for these exciting opportunities.
